

QUALITY POLICY

In line with our strategic business plan, **AEONX SOLUTIONS LIMITED (AeonX)** is fully committed to providing quality services, maintaining and building on our reputation for quality service delivery to our valued clients. The overriding objective of our quality policy is to ensure we remain a recognized quality provider of a broad range of technical and engineering solutions aimed at helping our clients maximize value from their oil, gas, and energy assets.

In furtherance of this resolve, we are committed to:

- ❖ Fully identifying, fulfilling and enhancing our customers' satisfaction by consistently providing quality and reliable services that meet and exceed the needs and expectations of our customers and other relevant interested parties.
- ❖ Ensuring all our services conform to high technical standards and applicable contractual, legal and statutory requirements; requirements internally adopted and those specified by the ISO 9001:2015 Quality Management System standard.
- ❖ Maintaining a competent workforce that is highly qualified, professional, and skilled through the provision of professional certification and capacity development training to our employees.
- ❖ Ensuring that our external service providers/suppliers meet all required technical competence and service delivery quality standards.
- ❖ Safeguarding the occupational health and safety of interested parties impacted by our activities, including our employees, customers, visitors and host communities.
- ❖ Establishing appropriate quality objectives and ensuring the communication of this quality policy to our relevant interested parties.
- ❖ Maintaining and continually improving the effectiveness and relevance of our Quality Management System (ISO 9001:2015) through the periodic review of this policy, quality objectives and Quality Management System documentation.

All employees of **AeonX Solutions Limited** are charged with promoting these aims and are required to familiarize themselves with the relevant sections appertaining to their responsibilities within our Quality Management System.
